

ARDOUBOY[®]

Stonk Simulator

Instruction Booklet

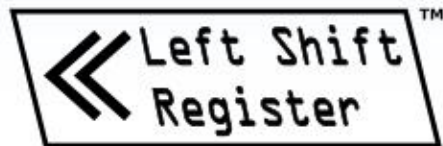

THANK YOU for purchasing Stonk Simulator[©], a game by Left Shift Register[™]! Now you can enjoy making dubious financial decisions in the comfort of your home without all the stress.

Taking Care of your game

- 1) If you play for long periods, take a 10 to 15 minute break every hour or so.
- 2) This software is precision-built. Do not use or store it in conditions of extreme temperature or subject it to rough handling or shock.
- 3) Do not let the software come in to contact with water as this may cause malfunction.
- 4) Do not apply volatile solvents such as alcohol to the software.
- 5) Store the software in a place where it will not get damaged while not in use.

How to Play

1. Title Screen

When the title screen is displayed, press the **A** button to start the game.

2. Main Screen

The game has a single screen with two submenus. Here you can view the value of stonks, their historical trend, and events happening in the world of stonks.

- a. Company Abbreviation
- b. Stonk Value
- c. Stonk History
- d. News Ticker

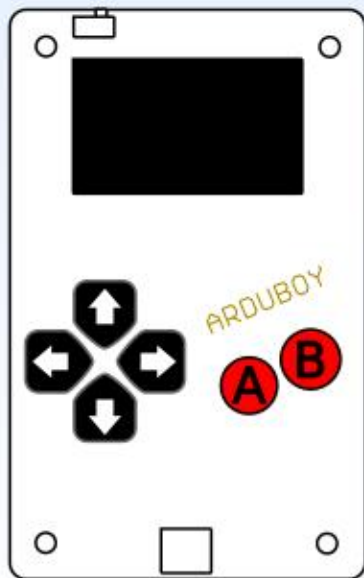

3. Button Operation

- 1) Press  or  to cycle through the available stonks to purchase.
- 2) Press  to open the asset summary.
- 3) Press  to open the buy/sell submenu.

4. Winning the Game

The goal of Stonk Simulator is to gain
\$1 Million in cash

Viewing Resources

1. Button Operation

- 1) The resource window shows a information related to your current money, stocks you hold, and current stock prices.
- 2) Press  or  to scroll through each resource view.
- 3) Press  or  to scroll up and down within the views.
- 4) Press  to close the window.

2. Cash and Assets View

- 1) The "Cash" line shows your current money reserves. Get this to \$1 million to win!
- 2) The "Total" line shows the value of all your stocks + cash at the current moment.

Cash:	\$10.00K
Total:	\$10.00K

Held:	
REH	0
DLC	0
TMJI	0

3. Stonks Held View

Each line in the Held view shows how many stocks of each company you have.

4. Stonk Value View

Each line in the Value view shows what the current price for each stonk is.

Value:	
REH	\$0.43
DLC	\$0.34
TMJI	\$7.96

Buying and Selling Stonks

1. Buy/Sell Window Operation

- 1) The Buy/Sell submenu displays the number of stonks you currently hold when first opened.
- 2) Press  or  to change which digit you are editing. Moving the cursor all the way to the left will buy all the stonks you can with your current funds. Moving the cursor all the way to the right will sell all the stonks you hold for the company.
- 3) Press  to increase the digit. Press  to decrease the digit. If the value is less than your held stonks, you are selling stonks. If the value is more than your held stonks, you are buying stonks.
- 4) Press  to perform the transaction or press  to cancel the transaction.

- a. Cash Result of Transaction
- b. Stonk Digit Cursor
- c. Number of Stonks after Transaction

2. Reminders

- You can use the Cash Result to determine if you are buying or selling.
- The transaction doesn't occur until you press **A**.
- You can own at most 50,000 shares of any given stonk.

The News Ticker

1. News

The world is constantly changing and stonk companies get up to all sorts of shennanigans. Reports are regularly coming in and you can try to take advantage of those events. Beware though; events may not play out how you expect!

This image shows a blank sheet of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or other markings on the paper.
